

ALUMNI

I'd define this programme as exciting and dynamic. It helps to discover and apply research concepts in the field of language studies. We live in a digital world, so technology that incorporates theories of learning can successfully aid in education.

Ms. Nurul Atikah bt Mustafa
English Lecturer
Kolej Poly-Tech MARA, Kuantan, Pahang, Malaysia

Being in a learning mode with enthusiastic lecturers made my weekends academically fruitful. Every course I have taken under this programme has enabled me to explore and embrace new technological tools and skills in teaching and learning.

Ms. Vaniitha A/P Subramaniam
English Teacher
SMK Sungai Soi, Kuantan, Pahang, Malaysia

This programme has sharpened my skills and I gain more knowledge in applying technology-based tools in my language studies. This programme is unique that it has impacted my worldview and increases my understanding on the field of language studies. With excellent guidance and support from the faculty members, I'm so eager to learn new things in every class I attend. This programme does not only help those in academia, but also the professionals and industry experts.

Mr. Zulfadli b Mat Husin
Assistant Registrar
Universiti Malaysia Kelantan

WHY ENROLL IN THIS PROGRAMME?

MSc.TILS is designed to furnish potential learners with practical and state-of-the-art learning experience in up-skilling learners' career development and professional enhancement. For fresh graduates, this programme will equip learners with advanced knowledge and skills in the field of language studies to give learners the competitive edge in pursuing their occupational endeavours.

About UMPSA

Established as a technical university in 2002, Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) offers a variety of engineering-and technology-based technical programmes, including high-level Technical and Vocational Education and Training (TVET).

Ranked as one of the best in Research and Innovation among the Malaysian Technical University Network (MTUN) and Non-Research University (Non RU), UMPSA is steadfastly committed to innovating and developing unique academic programmes through strategic international collaborations. Universiti Malaysia Pahang Al-Sultan Abdullah (UMPSA) is actively expanding its international network by forging strategic partnerships with several prominent higher education institutions (HEIs) in Heilongjiang Province, China. These collaborations have now set a benchmark for other public universities in Malaysia. This initiative is part of UMPSA's broader efforts to grow its academic network and foster greater collaboration in research and technological development. In addition, UMPSA collaborates with local industries to work on research, which focuses on industry-related applications. Such research collaborations enrich teaching and learning experiences and practices at the university while simultaneously promotes commercialization of research output and products.

Overview

Center for Modern Languages (CML) offers a Master of Science in Technology-Integrated Language Studies (MScTILS) by course work which is a 40-credit programme. This programme which has received full accreditation (MQA/ FA9314) by Malaysian Qualifications Agency (MQA) is designed to provide academic courses at graduate level so that potential students can gain knowledge through the platform for their career development. Graduates of this programme will be able to produce technology related content for the facilitation and enhancement in the fields of teaching and learning, applied linguistics and communication relevant to the context of language studies.

Semester
